TruNorthern receives A+ Rating with BBB Accreditation

The Better Business Bureau was founded with the mission to create an ethical marketplace where buyers and sellers trust each other, and with the mission to be the leader in advancing marketplace trust. This is accomplished by setting standards for marketplace trust, encouraging and supporting best practices by engaging with and educating consumers and businesses, celebrating marketplace role models, calling out and addressing substandard marketplace behaviors, and creating a community of trustworthy businesses.

Recently, TruNorthern Federal Credit Union became accredited with the Better Business Bureau, resulting in an A+ rating on their BBB profile. For those wishing to leave a review for the hometown credit union, visit <https://www.bbb.org/us/ny/malone/profile/credit-union/trunorthern-federal-credit-union-0041-236026982>

**REMINDER THAT CHRISTMAS CLUB ACCOUNT FUNDS
WILL BE DISPERSED THE FIRST WEEK OF OCTOBER!**

LOCAL SCHOOL DONATIONS!

In third quarter your hometown credit union made their annual school supply and sanitary product donations to the five local school districts! This year your hometown credit union was able to supply the schools with both school supplies, as well as sanitary products that can be used by the student body.

TruNorthern is a proud supporter of local education, as it was a collaborative effort of local school teachers who began the credit union in 1972.

WE LOVE GIVING BACK!

DID YOU KNOW?

Your hometown credit union was founded by schoolteachers in Franklin County!

We've donated **\$13,155.25** to our neighbors in the third quarter!

TIPS AND TRICKS FOR RECOGNIZING AND AVOIDING SCAMS!

Tips for staying away from scams!

- **DO NOT** respond to messages requesting your personal information. Don't call phone numbers or open links received through messages, especially if you do not recognize the sender.
- **DO NOT** send money or account information in response to a notice that you have received a prize or lottery.
- **NEVER** react quickly or impulsively to offers or requests received, scammers will often use pressure tactics to push victims into sharing personal information.
- The Federal Trade Commission (FTC) recommends that you stop and talk to someone before taking action. Speaking with a friend or neighbor could help you realize it is a scam.

Be sure to always guard your cards!

- **DO NOT** write the pin on your card or share it with others. It is best practice to keep your pin private and keep the number memorized.
- Make a habit of checking your accounts for any strange or unauthorized charges.
- **DO NOT** allow websites to “remember” or store your card information!
- Online shopping with a credit card rather than a debit card can help prevent scammers from getting direct access to the money in your checking account.
- **ALWAYS** remain cautious when giving out any information over the phone – be sure you know who it is that you are speaking with.
- Insist on having privacy when entering your pin information and remain cautious of shoulder surfers.
- **ALWAYS** take card sales receipts or ATM transaction slips. **DO NOT** leave them near the ATM or terminal. If you have no need for a receipt, it may be in your best interest to choose not to have one printed.

Reporting scams!

- The Federal Trade Commission (FTC) is an important resource when dealing with scams as they provide information on the latest scams as well as advice on how to avoid scams and recover from them.

- The FTC provides a platform for consumers to report scammers and fraudsters here: <https://reportfraud.ftc.gov/>
- For more information on current scams and how to avoid them follow this link: <https://consumer.ftc.gov/scams>
